

## WELCOME PHYSICIANS!

---

# Clearwater British Columbia

Clearwater is located in the Interior of British Columbia. Situated at the entrance of Wells Gray Park with its clean air, crystal clear lakes and pristine powder skiing, it is a recreational playground where you can work and play year round. Clearwater offers the lifestyle you have been looking for.

Our collegial group of experienced family practitioners invites you to join them. They offer full medical services to the residents of Clearwater. There is a great diversity of services being offered through the private medical clinic and the modern community hospital with 6-acute care beds, lab, and X-ray services, emergency department and 21- residential care beds. Our goal for emergency on-call coverage is 1 in 5. Royal Inland Hospital in Kamloops provides tertiary care support for the region.

While we are seeking permanent physicians we are also happy to hear from those interested in exploring Clearwater through a locum practice.

Most physicians qualify for BC's highly competitive on-call payment program, rural recruitment and retention incentives as well as a generous relocation allowance. Physicians in BC's Interior receive some of the highest levels of remuneration for health care professionals in Canada.

**Contact us today, if you want to practice and enjoy an easier lifestyle!**
